Charlottesville, Va., October 3.—Several plays were given Virginia's first team at the practice this afternoon, including a clever forward pass. The first eleven, as at present constituted, will average but a few pounds more than last year's varsity. The line, from tackle to tackle, may be over 180 pounds, but the light backfield will bring the team average down to about 165 pounds, said Coach Yancey this afternoon.

Pertinent Comment

By GUS MALBERT.

The Giants, by winning a decisive victory over the Phillies yesterday, practically cinched the pennant. The oest the Cubs can possibly do now is to the the leaders, and to do this the Giants must lose every games scheduled and the Cubs win all of their remaining games. But the Giants have done more than cinch the pennant. They have established a record, which, while not a world-beater, is a credit to any organization and clearly entitles them to premier honors. Out of a total of twenty-one games played away from home, they nave lost but fever, the premier honors out of a total of twenty-one games played away from home, they nave losts but is that it was accomplished at a crudicial time. When McGraw and his men took to the road the Giants were just a game and a half ahead of the Cubs. They have increased this lead and in the control of the Giants simply swept their adversaries of the Giants simply swept their adversaries on their feet and is the reason why so many are going to back McGraw in the world's series.

It looks as if Cleveland will stick in the Giants of Cleveland will stick in the Giants with the control of the Giants were just a game and a half ahead of the Cubs. Raiph Mattis writes that he is going like a house on fire up in the large city of Manos, Pa. He states that he is hitting everything which comes over and many which do not split the pan. Incidentally, Raiph is positive that he will have little trouble staying with the Nationals next year. "I am better than ever and hitting like a fiend. The people up this way think I am better than Joe Jackson," is his way of expressing it. Mattis is a good hoy, but he has much to learn and more to unlearn. Smith, Barrow, Geltz, Whitman and Montague. The playing rules are those of the National Bowling Assoylation, but supplemental rules were recommended which apply purely to local conditions.

It was determined to make a canvalunced which apply purely to local conditions.

It was determined to make a canvalunced of the business houses and factories of Richmond is order to enlist the interest of these enterprises in the several leagues which will be formed. The mass meeting Monday night was entirely satisfactory so far as results are concerned, but there is a vast amount of work yet to be done before bowling is properly organized. Already there and Washington.

Just as soon as the big meeting is heard talk of a tri-city post-season series between Richmond, Baltimore and Washington.

Just as soon as the big meeting is held Friday night, the season will be officially launched, and from then on the falling of timber will furnish sweet music to hundreds of devotees of the sport. In addition some mighty good scores will be stuck up if the preliminary games count for Maything.

From now until November 6, when the Virginia League magnates will meet in Petersburg to transact business which was deferred at the last meeting, tongues will continue to wag regarding the opposition to President Williams. But he will be elected again and the malcontents had better put their minds to improving the quality of baseball than to maligning the chief executive of the league, whose worst fault has been sacrificing his own interests for the benefit of the men he was serving.
